Comments _____

Interval Data Form

Student _____ Dates _____

Mark an X in the box if the behavior occurs ANY TIME during that period. Mark an O if it does not.

	10	20	30	40	50	60
1						
2						
3						
4						
5						
6						
7						
8						
9						
10						
11						
12						
13						
14						
15						
TOTAL Xs						

Number of intervals behavior was observed (i.e., Xs): _____

Number of intervals in total observation period: _____

Rate of behavior (Xs / total no. of intervals observed) = _____

Time-Sampling Data Form

Student _____ Date _____

Mark an X in the box if the behavior occurs ANY TIME during that period. Mark an O if it does not.

		Minutes					
		10	20	30	40	50	60
1							
2							
3							
TOTAL Xs							

Number of intervals behavior was observed (i.e., Xs): _____

Number of intervals in total observation period: _____

Rate of behavior (Xs / total no. of intervals observed) = _____
